

Safeguarding and Welfare Requirement: Staff Qualifications, Training, Support and Skills

At least one person who has a current paediatric first aid certificate must be on the premises and available at all times when children are present, and must accompany children on outings.

Health

Providers must ensure there is a first aid box accessible at all times with appropriate content for use with children. Providers must keep a written record of accidents or injuries and first aid treatment.

The Little Bears Nursery

3.2 First aid

Policy statement

We are able to take action to apply first aid treatment in the event of an accident involving a child or adult. At least one adult with a current first aid certificate is on the premises, or on an outing, at any one time. Newly qualified staff who achieved an early years qualification at level 2 or 3 on or after 30 June 2016 also have a paediatric first aid certificate in order to be counted in the adult:child ratios.

The first aid qualification includes first aid training for infants and young children. We have evidence of due diligence when choosing first aid training and ensure that it is relevant to adults caring for young children.

Procedures

The first aid kits:

Our first aid kits are accessible at all times and contains the following items

- Triangular bandages (ideally at least one should be sterile) x 1.
- Low adherent dressing x1
- Sterile dressings:
 - Medium x 2.
 - Large x 1
- Composite pack containing assorted (individually-wrapped) plasters x 1.
- Guidance card from Eureka x1
- Box of finger buddies
- 2 x finger dressing
- 5 x moist wipes
- 2 pairs of disposable plastic (PVC or vinyl) gloves.

- 2 instant cold packs

First aid bum bags:

- Medium x 2 sterile dressing
- 1 x absorbent dressing
- Composite pack containing assorted (individually-wrapped) plasters x 1.
- Triangular bandages (ideally at least one should be sterile) x 1.
- 1 pair of disposable plastic (PVC or vinyl) gloves
- 4 x moist wipes

In addition, the following equipment is kept near to the first aid box:

- An ear and forehead infrared thermometer.
- Gel packs are kept in the freezer.
- Information about who has completed first aid training and the location of the first aid box is provided to all our staff and volunteers. **All staff who work at The Little Bears Nursery will undertake PFA training and this will be kept up to date every 3 years.**
- The first aid box is easily accessible to adults and is kept out of the reach of children.
- The person in the setting who is responsible for checking and replenishing the first aid box contents are senior members of staff.
- Medication is only administered in line with our Administering Medicines policy.
- In the case of minor injury or accidents, first aid treatment is given by a qualified first aider
- In the event of minor injuries or accidents, we normally inform parents when they collect their child, unless the child is unduly upset or we have concerns about the injury. In which case we will contact the child's parents for clarification of what they would like to do, i.e. whether they wish to collect the child and/or take them to their own GP.
- An ambulance is called for children requiring emergency treatment. We contact parents immediately and inform them of what has happened and where their child has been taken.
- Parents sign a consent form at registration allowing a member of staff to take their child to the nearest Accident and Emergency unit to be examined, treated or admitted as necessary on the understanding that they have been informed and are on their way to the hospital.
- Accidents and injuries are recorded in our accident record book and, where applicable, notified to the Health and Safety Executive, Ofsted and/or local child protection agencies in line with our Recording and Reporting of Accident and Incidents Policy.
